Celebrating Hudson Oaks' Public Servants

Staff Recognition

This month, we express our gratitude to our public servants! From the administrative staff at city hall to our public works team and police officers, we are celebrating several important national appreciation events. We are thankful for our dedicated public servants and honored to serve the Hudson Oaks community!

Public Service Recognition Week

Celebrated the first week of May to honor the people who serve our nation as federal, state, county, local and tribal government employees.

National Police Week

This is a collaborative effort dedicated to honoring America's law enforcement community.

National Public Works Week

Whether responding to electricity outages or making roads and sidewalks passable after a winter weather event, public works is always there when people need them.

Water Quality Notices

In accordance with requirements from the Texas Commission on Environmental Quality (TCEQ), the City of Hudson Oaks is providing public notices regarding drinking water. These notices are included with this month's utility bill and are also available online.

Republic Services Update

Republic Services will begin automated trash collection service in May. This new system allows trash carts to be collected using automated equipment directly from Republic Services trucks.

With this new collection system, cart replacement is very important! Please refer to the diagram for proper placement to help ensure collection goes smoothly.

If you have questions about your cart service, please email Republic Services at 6CitiesQuestions@RepublicServices.com. Visit our website for additional details related to your trash and recycling service including FAQs.
